To Whom It May Concern,

I have known Mr. Kelley Elmore for over 4 years. During this time, I have worked with him on many occasions as he provided design solutions and manufacturing oversight for my company, Nasatka Barrier, Inc. Mr. Elmore has always been amiable, easy to get along with and understanding of the issues associated with design and manufacturing. He is well versed and capable of effectively communicating his point of view as well as listening to and considering other points of view.

There is no doubt in my mind that, should you acquire the services of his company, you will be well satisfied with their efforts. I recommend Mr. Elmore and Elmore Engineering Services, Inc. wholeheartedly.

Sincerely,

Ralph G. Nasatka
President
